(ECO 3100) Her in person lectures are awesome and all students engage with questions, unfortunately that's not the same with online classes. Would have loved to have all the classes in person instead of a hybrid mix. Would take her again

(ECO 3100) This class is difficult for some of us, and I feel that the professor presents the material in a way that makes it hard to understand the topics. She also teaches very quickly, and I noticed that many of my classmates and I felt lost during the lessons. For the future, it might help if she could teach at a slower pace and make sure everyone understands before moving on.

(ECO 3100) Would recommend this professor

(ECO 3100) Based on the format of the semester, everything was great. Thank you!!
